Many individuals, as well as the Weeks Memorial Library in Lancaster, have given us books this year, for which we are very grateful.

Also, the young people held a Record Hop, and gave the proceeds, \$18.00, to the Library for new books. The "Friends of the Library" have been very helpful, as usual. If you have not met with this group, why not do so the next time a meeting is called, probably in April.

SUMMARY PROGRAM OF THE WHITE MOUNTAIN REGION ASSOCIATION

1973 (36th Year)

Your Region Association, through its promotional and financial responsibilities, was one of the principal organizers of the White Mountains Art and Music Festival. This Festival has been acclaimed as a truly significant contribution to northern New Hampshire and in 1974, with a much larger budget, the program is expected to expand markedly.

Your Region Association also helped to set up the Hotel-Motel training program at the Waumbek, Jefferson, N. H. Because your Association has for many years promoted the region's hotel-motel industry, the directors felt this training program would effectively compliment these on-going promotional activities. The responsibilities incurred by your Association were: a questionnaire designed to answer "Is there a need for the Program" and assistance in employing graduates of the program in the region's hotel-motel industry. Additionally, your Association set up meetings with hotel-motel owners and managers to work out any problems and to exchange ideas.

Other activities for 1973 included: completion of a canoe and kayak folder (designed for promotional purposes), a State requested survey of flood damage to the private sector of northern New Hampshire's economy, representation at the Eastern States Exposition in Springfield, Mass., presentation of 4-H awards in Grafton and Coos Counties and annual subscriptions of the 4-H National News Magazine to club leaders, and the annual solicitations of listings for the New Hampshire Accommodations and Dining Directory and the Where To Stay folder. Additionally, your Association's executive director acted as secretary of the N. H. Council of Region Associations, an Organization which works closely with the State's Office of Vacation Travel.

Your Association for its 1973 annual meeting set up a panel discussion on the subject of "Wilderness in the White Mountain National Forest." Panelists included representatives of the N. H. Snowmobile Association, the Appalachian Mountain Club, the Society for the Protection of N. H. Forests, Sno-engineering, the wood products industry in northern New Hampshire, the Sierra Club, the State's Bureau of Off-Highway Recreation Vehicles, the U. S. Forest Service and the North Country RC&D Project, Inc.

With regard to legislated matters your Association supported House Bill relative to Open Space. In large part the directors saw this bill as an attempt to help preserve our farmlands here in the region. Furthermore, your Association supported House Bill No. 10 relative to Off-Highway-Vehicles with the exception that the majority of directors felt snowmobilers should ask the permission of the landowners during periods when there is adequate snow cover.

Finally, the executive director spoke on Association activities both on radio and before several chambers of commerce and rotary clubs in the region.

Inquiries for the year totaled 5,000.

Wrote 27 news releases, 2 newsletters and 140 personal letters.

Town of Jefferson, New Hampshire
WHITEFIELD REGIONAL AIRPORT
COMMISSIONERS REPORT

1973

Having completed another active year, The Whitefield Regional Airport Commissioners submit this short resume' of its activities to the various towns that it serves.

The budget that is published on the following pages will indicate that actual income exceeded anticipated income by \$3,815.22. This was due to an unanticipated increase in state funds, a first-time appropriation from the Town of Northumberland, plus the fact that Diamond International Corporation and Georgia-Pacific Corporation has joined Timberland Machine Inc. as a contributor to our airport.

The Regional Airport continued to serve the region in many ways. Some of which are listed below:

1. Headquarters for the Civilian Air Patrol.
2. Provided a base of operations for the Air National Guard search and rescue helicopters.
3. Served as a site for National Guard Maneuvers.
4. Provided summer Air Line Service, Air Freight, Air Ambulance Service, Flight Instructions, and Scenic Air Flights.
5. Used by many commercial and industrial interests.

This past year, we completed renovation to our ticket office and waiting room. We have added a septic tank system that permitted us to install new toilet facilities. We extended the apron to serve the private hanger area and ran a new water line from the old to the new hanger area.

The air line service investigation has been completed but, as of this writing, no decision has been made as to whether or not Delta Air Lines will serve the North Country.

We think that to continue serving the North Country, as an airport should serve, we must not only maintain our present good standing but we must gain the reputation of being the best small airport in the north east. One of the methods chosen by your commissioners to accomplish the aforesaid is to erect a much needed hanger that would house seven to ten planes. A glance at our budget will show a fund established for this purpose. If all goes according to plan, we should be able to erect the hanger without any increased financial burden to the several towns.

The new hanger will also enable the commissioners to find a Fixed Base Operator. It is our opinion that before we find someone who will man the airport for a full working day, we must give him a place to work in. The hanger would provide space for sales and service, as well as rental space to transient planes.

Recently, the governor and council approved the installation of a partial instrument landing system. The equipment called a "Localizer" will be installed this summer at a cost of \$40,000.00, all of which will be paid by State and Federal funds. The new equipment will provide a horizontal guide to aircraft and will increase the number of hours that the airport is usable.

Finally, your commission feels that the airport has truly become regional with all towns having a voice in its operation and participating in its financing. We thank everyone for their cooperation and respectfully request its continuance.

PUBLIC HEALTH NURSING SERVICE, INC. REPORT 1973

This service has expanded in quantity and quality during the past year. There are now two more communities under the agency's jurisdiction and we have been permitted to add some patient treatments.

Our service continues under the leadership of the Public Health Nursing Committee composed of volunteer members representing each of the communities covered by the service. These members have generously given their time and efforts to the program throughout the year. The officers are:

Chairman: Mrs. Robert Quay
 Vice Chairman: Mrs. Roland Kimball
 Secretary: Mrs. Benjamin Blodgett
 Treasurer: Mrs. George Smith

There were a total of 2,991 visits in 1973 as compared with 2,280 visits in 1972. Listed above are the classification of visits for 1973. These include nursing and physical thereapy visits.

Within the past year, visits of health promotion have increased. These visits are concerned more with stability of emotional problems. In most cases, the physicians feel that much progress has been noted with these patients under our care. These visits usually do not entail actual physical care but require conversations with patients allowing for voicing of problems and possible solutions.

We appreciate the assistance of organizations throughout the year. The Emmons Smith Fund has helped with some badly needed equipment. White Mountain Community Services have been a constant source of aid for individual problems of patients. Crippled Children's Services and the Department of Welfare have also been very useful. All of these services are becoming increasingly valuable to us.

The loan closet is in constant use. We appreciate all equipment donated and wish to express our thanks to those people responsible.

Our agency is starting to make improvements on the referral system from the hospital and our increased caseload is beginning to prove its worth.

We still continue with our Groveton contract concerning Medicare billing, which is apparently working very well at the present.

Special clinics and classes held during the past year include:

- I. Diabetic and Glaucoma Screenings Clinic. This Clinic revealed many new cases and was considered quite successful and rewarding for patients and physicians. This clinic was attended by 386 people for diabetic testing and 340 people for glaucoma testing.
- II. Pap Smear and Breast Examination Clinic. This clinic was attended by 68 women and considered very successful by the American Cancer Society.
- III. Series of Pre-Natal Classes. These were attended by five women reporting the classes to be quite informative.

Future plans of our agency include expansion of services in all communities, continuation of pre-natal classes and family oriented health services.

Child Health Station:

The Child Health Station was held every third Friday of each month with local physicians serving on a rotating basis. A total of 514 children were immunized. Immunizations included were DPT, Sabin Polio. Measles, Rubella, Mumps and Tuberculin testing.

Following is a schedule of state recommendations for immunizations for your own use:

AGE	IMMUNIZATION(S)
2 months	DPT — Polio
4 months	DPT — Polio
6 months	DPT — Polio
12 months	Mumps, Measles, Rubella Tuberculin Testing
18 months	DPT and Polio Booster
4-6 years	DPT and Polio Booster Tuberculin Testing

The immunization program is sponsored by the Mahaney-Brisson Post of the Lancaster American Legion and American Legion Auxiliary. The immunizations are provided by the State Department of Health. Members of the Public Health Committee have assisted at the clinics during the year.

I would especially like to thank the Medical Staff of Beatrice D. Weeks Memorial Hospital; Dr. James Ferguson for serving on our Medical Advisory Committee; the Public Health Nursing Committee; Miss Eleanor Kenney, R. N.; Mrs. Stewart Foss, Secretary; Mrs. Jacquelyn Sawin, R. N.; Mrs. Mary Fitch, R. N.; Mrs. Diantha Rochefort, R. N.; Mrs. Carol Haas, R. P. T.; and members of our communities for their guidance and assistance during the past year.

Respectfully submitted,

SANDRA N. PLACEY, R. N.
Public Health Nurse

JEFFERSON PLANNING BOARD REPORT

During 1973 the Board faithfully held regular meetings on the second and fourth Tuesdays of each month at 7:30 p. m. with a quorum present at each meeting.

The Board acted upon 7 subdivision applications, several more being proposed by land owners but not completed as yet. Subdivision being one part of the duty of the Planning Board, it has occupied a great deal of time this year. The subdivision laws of Jefferson have been studied and we have tried to make them more workable, this being a continual project as the needs of the town change.

At the meeting on January 23, a junk car removal project was initiated. This project to be headed by James Kenison. The culmination of much work being September 8 and 9 with the successful clean-up of 171 junk cars. This effort was a success due to the generous donation of time and equipment by Neil Gross, Norman Kenison, Harold Davis, Jerry Kenison, Lucien Boutin, Terry Kenison, Richard Walker, Jr., Norman Kenison, Jr., Warren Kenison, Richard Vienott and Timberland Machines, Inc.

April 11 the Jefferson Planning Board sponsored the first Solid Waste Management meeting in this area. Surrounding area Planning Boards were invited as this is a problem concerning everyone.

In November Earl Ellingwood and Carolyn Ingerson were appointed by the Selectmen to represent Jefferson on the Interim Board of Directors of the North Country Council. The purpose being to find out what the N. C. C. was. how to join, how it could help Jefferson and any other facts which might prove beneficial. A total of 4 meetings have been attended to date.

Studies and discussions resulted in several possible recommendations for the improvement of the Fire Department. These were turned over to the newly renovated Fire Department for consideration.

1973 has been an active year for the Board. Planning is a continuing function and we look forward to being part of the ongoing planning program of Jefferson.

Respectfully submitted,

Munro Brook, Chairman
Earl Ellingwood, Co-chairman
Carolyn Ingerson, Secretary
Warren Gorman, Ex-officio member
